Re: 2025 NJSOM Corporate Sponsorship

Dear Corporate Sponsor:

The New Jersey Society of Oncology Managers would like to thank you for your continued interest and support in our association. The information in this letter is for 2025 sponsorship with the New Jersey Society of Oncology Managers. NJSOM will continue to provide educational content to our members and continue to support our corporate members through meetings, programs, and mailings. We understand that the business of Oncology has drastically changed. As consolidations and mergers continue to form, it is more important than ever to continue to support the individual state societies. Smaller community-based practices still exist in New Jersey needing your guidance and support to continue to treat patients in their offices. Practices have limited time to meet with representatives during office hours. It is through programs such as this that we are still able to interact and be educated by our corporate sponsors. None of the funds are used for lobbying. All funds are used to educate our members.

NJSOM is a non-profit corporation 501C (6). Our corporate membership is based on a calendar year, January 1 through December 31. Our membership represents approximately 20 practices throughout New Jersey. NJSOM is recognized as a leader in education throughout the state. The membership is an annual sponsorship offering very specific benefits that include the following:

CONFERENCES:

NJSOM holds two conferences per year. One is held in the spring and one meeting in the fall.

We will be providing the dates for our Spring and Fall 2025 meetings by December 2024.

As a member of NJSOM, you will gain access to a vast network of oncology professionals who strive daily to efficiently provide quality cancer care. Our educational topics include payer related information, legislative updates, staffing, human resources, coding/billing and clinical updates.

If your company requires an online grant application completed for annual membership participation, please e-mail the application process and directions to Denise Johnstone at dj@njcancer.org.
